Protect yourself from rising energy rates!

Take control of your electric bill by going solar! Did you know our customers OWN their solar arrays? By owning your solar array, rather than leasing like some companies, the customer gets to keep all of the incentives associated to their solar array, which pending where you live, could include:

- **Illinois Shines: Solar Renewable Energy Credits (SRECS)**
- **Federal Investment Tax Credit (ITC)**
- **Net-Metering (pending your utility)**

If you would like to learn more about these great solar incentives and more potential options available to you, contact our team of local solar professionals!

Protect yourself from rising energy rates!

Take control of your electric bill by going solar! Did you know our customers OWN their solar arrays? By owning your solar array, rather than leasing like some companies, the customer gets to keep all of the incentives associated to their solar array, which pending where you live, could include:

- **Illinois Shines: Solar Renewable Energy Credits (SRECS)**
- **Federal Investment Tax Credit (ITC)**
- **Net-Metering (pending your utility)**

If you would like to learn more about these great solar incentives and more potential options available to you, contact our team of local solar professionals!
