Message from the President

Thank you for the opportunity to serve as president of the Willowbrook-Burr Ridge Chamber of Commerce. This is truly a special group of people and businesses interested in supporting each other and the community as they grow and to have the chance to represent you in some way is truly an honor. In case we haven't met, I would like to take a moment to introduce myself.

I am a District Manager for Farmers Insurance, meaning I run my own small business and am contracted by Farmers Insurance to manage agents across the Chicagoland area. I started with Farmers as an agent in Libertyville and worked for the district there before taking over this business in October of 2015. I currently manage 32 agents from as far north as Round Lake and south to Flossmoor and Plainfield and in between. As far as my background is concerned, I have a Bachelor's Degree in Finance from Michigan State University (Go Spartans!) and a Masters in Teaching from National-Louis University. I've held a variety of jobs and had planned to go into teaching, but realized I wanted to control my destiny. That led me to join with Farmers with the plan of opening my own office. I immediately loved Burr Ridge due to its incredibly accessible location but have gained an incredible appreciation for Willowbrook and Burr Ridge due to the people and businesses owners I have met these past 7 years.

Initially I joined the Chamber in 2016 because it just seemed like that was what I was supposed to do as a business owner and then sporadically attended luncheons for the first year, like many people

do with organizations like this. Needless to say, I didn't get to know anyone very well even though everyone I met was incredibly friendly and welcoming. In the beginning of 2017, Brad Kmetz, mentioned it was good to see me since it had been a while since the last luncheon I attended. I realized my absence had been noticed and I had two choices, continue to be sporadic and gain nothing from the chamber or start to actually engage and truly be a part of the group. I chose to dive into the chamber at that time and it has truly been one of the best decisions I have ever made. I joined the Board of Directors in 2018 and in 2019 became part of the Executive Board as the Secretary. I also was a Co-Committee Chair for both the Golf and Social committees during this time and in 2019 was named Director of the Year by my fellow Directors. I view chamber membership as part good for business, part civic duty to give back to the businesses in the Villages, and part working towards the future because the chamber has so much that it does for the Villages and as it grows so too will the businesses.

As for 2023-2024 we are as active as we've ever been and looking for more! As always, we have our in-person luncheons the first Wednesday of every month with guest speakers or special networking opportunities in addition to annual spotlights for both Villages. Our special Holiday Luncheon continues to be a rousing success and will look to be expanded upon this year too! Business After Hours are as popular as ever, allowing businesses to shine the spotlight on themselves, and showing what they do in a less formal way. This can also be a great

Kyle Wetzel

way to celebrate a milestone for your business, just like Bannerville recently did with their 50th anniversary celebration! We had a great golf outing last year and the next one will be spectacular as well, I'm looking forward to seeing all those Caddyshack costumes. Halloween Hoopla, the annual Trunk-or-Treat hosted by Adolf Funeral Home, is back again too with hundreds of kids and families coming every year. We at the Chamber are looking forward to so many more events and partnerships with the villages while constantly evolving and growing!

In closing the success of the chamber, and its members, really comes down to the activity of the membership, so get involved! There are many stories of business generated and relationships achieved by members taking part in the activities of the chamber. This is a place to meet like-minded individuals and as you are more and more active your relationships and the value of the chamber will grow too. I want to thank all of our membership, directors, and the chamber administrator for all the hard work put into the chamber and promise that we will continue to do all we can to help us all grow in 2023-2024.

Thank you for your time and I wish everyone a safe and successful year.

ANN PANCOTTO

Real Estate Broker

The Ann Pancotto Group, Compass

With 30 years of vast experience, Ann Pancotto and her husband lead a markedly successful team at Compass. Both third-generation real estate experts, they say it could easily be described as destiny that they found their dream careers in the field. Even before she earned numerous accolades for her professional work, Pancotto had a feeling she would love the industry. Decades later, there is no aspect of real estate she will shy away from in order to meet the needs of a client.

Covering residential and commercial real estate in Chicago and its western suburbs, she credits her leaning into the area's new construction as central to her success and reach in the industry. Growing as Chicago grows, her committed, full-time team is set apart from its competitors, as there is no transaction too big or too small. Pancotto brings integrity, trust and knowledge to each client interaction, delivering an experience that ensures an 80% repeat and referral rate. "We care a lot about our clients," she says. "We do this full time, and we do it not only because we've been doing it our whole lives, but because we absolutely enjoy it. Our heart and soul goes into it. It's not just a job for us; it's our life!"

Year after year, Pancotto maintains multimillion-dollar producer status through heavy marketing, thanks to Compass' state-of-the-art tools. She enjoyed a notably successful year in 2021, totalling over \$25 million in sales, and is also proud to have been featured in Top Agent Magazine for the third year in a row. A lifelong learner, she holds multiple designations: Certified Residential Specialist, Luxury Property Specialist, and Short Sales and Foreclosure Resource, as well as REO and Relocation Specialist. She is also a member of her local and national Realtor associations.

Pancotto Group currently has five dedicated agents, and the team is looking to expand both its residential and commercial real estate group.

Community Events

In partnership with the Village Center, the Village of Burr Ridge created a full day of fun with a combined Car Show and Taste of Burr Ridge, held in October. The Village also reimagined its holiday event, creating "Deck the Green." Held in November, this family-friendly outdoor event has games, music, and Santa!

Burr Ridge Restaurants

In Burr Ridge, you'll find an eclectic mix of restaurants and several different dining options to fit every taste and budget. Burr Ridge restaurants provide family favorites and trendy hot spots for foodies and hipsters from breakfast to ending the evening with a nightcap. Dine in Burr Ridge and enjoy worldly tastes of Italy, the Mediterranean, China, and more, among local fair and handcrafted wines. There's something for everyone, every age group, every budget, every day.

Burr Ridge Village Center

The award-winning Burr Ridge Village Center is a mixed-use downtown district featuring an open-air shopping experience with upscale retail shops and restaurants. The Center also includes office space, 196 condominium units, and a "Village Green," where exciting community events are held, including the ever-popular summer "Concerts on the Green." An extensive renovation project involving the Village Green resulted in improved traffic flow and access to retail shops, more relaxing outdoor seating, an outdoor fireplace, and a better space for events at the north end of the Green. All events are open to the public and include Yoga on the Green, Car Show, Taste of Burr Ridge, and Concerts on the Green. Visit www.shopburrridge.com for more information.

HISTORY

The area now known as Burr Ridge was once the home of the Sioux, Pottawattamie, Ottawa, and Chippewa Native Americans. After an 1835 treaty, most Native Americans were relocated west of the Mississippi. In the early 1950s, the area was sparsely settled, and large tracts of land were devoted to farming. On October 30, 1956, a one-square-mile area bounded by Old Route 66, County Line Road, 79th Street, and the east line of the Denmark Farm was incorporated as the Village of Harvester.

In August 1961, the territory north of Route 66, including the 414-acre International Harvester research facility (now the J. I. Case facility and the Walsh, Higgins development), was annexed to the Village. In August of the following year, the community's name was changed to Burr Ridge to denote the stand of burr oak trees on a ridge along County line Road near Plainfield Road. The burr oak leaf became the Village emblem.

Shortly after the change in the Village's name, the former Babcock dairy farm was annexed to the Village for development Carriage Way. Milk from this farm had been processed and distributed to the Chicago Guernsey Dairy Center, now the site of Sedgley Estates. Over the years, development has changed the look of the area. Today, Burr Ridge encompasses approximately seven square miles, about 19 miles southwest of the Loop. It is generally bounded on the east by Wolf Road, on the north by 55th Street, on the west by Madison Street (and Route 83 in the southern portion of the Village), and on the south by approximately 97th Street.

HISTORY

In 1959, a homeowner's group called the Ridgemoor Homeowners Association decided to incorporate as a Village in order to be able to guide the development of farmland which surrounded their homes. Changes in the law scheduled to become effective January 1, 1960, which would require a population of 400 for incorporation, caused this group of 167 people to expedite its request to be made a village. In fact, while the case for incorporation was before the court, the attorney for

the homeowner's association called the association president, Anton Borse, frantically asking for a name for the new village. Borse looked out his window and saw the willow trees along the edge of a creek at the back of his property and promptly gave the village its name. Willowbrook became one of the State's smallest villages on January 18, 1960.
