Born and Raised!

FAMILY OWNED COMMUNITY VALUES LOCAL TEAM

With over 500 satisfied solar customers in the Illinois/Wisconsin/Iowa state-line area, Stateline Solar has become the local expert on everything solar. From agricultural, commercial and residential projects, Stateline Solar brings quality installation to the table, all rooted in our community and based in Lena. We're here to be **Your Total Energy Solution!**

All of our customers OWN their solar arrays. By owning a solar array, rather than leasing like some companies, the customer gets to keep all of the incentives associated to their solar array, which pending where the customer lives, could include:

- **Illinois Shines: Solar Renewable Energy Credits (SRECS)**
- **Federal Investment Tax Credit (ITC)**
- **Net-Metering (pending your utility)**

Ask us about our **German American State Bank** local solar financing!

\$0 ZERO 90
DOWN PAYMENTS DAYS

*Loans subject to approval. Qualifications & rules apply. Offer subject to change without notice. See a German American State Bank representative for details. Member FDIC, Equal Housing Lender. Loans will begin accruing interest at the contract rate during the initial 90 day payment deferral period, starting at the date of disbursement.

Every solar proposal is customized to the home's, farm's or business's energy needs; then, we provide a thorough explanation of all incentives potentially available to **you!**

All it takes is a power bill to get the process started!
